

[illegible]

The diagram illustrates the structure of a Conceptual Model Container. It consists of a vertical stack of elements within a container:

- Conceptual Model Container** (Outer container)
- Internal ID Element** (Red box)
- External ID Element** (Green box)
- Attribute** (Orange box)
- Data Point** (Blue box)
- Data Point with Context** (Blue box containing a **Measure Date** sub-element)
- Alternate Element Choice** (Yellow box)
